HUNTINGTON SCHOOL WINS WITH 29 POINTS

BOSTON ENGLISH HIGH SECOND IN
ANNUAL INTERSCHOLASTIC MEET

COLBY GETS THE STATE CUP

Marling the Individual Star—Captures 18
Points—Spellburne Breaks Record
in Shot Put.

In a closely contested track and field meet held on the athletic field Saturday afternoon between the secondary schools of New Hampshire and Massachusetts the Huntington School of Boston won the meet cup for the highest number of points with 29. Boston English High was second with 27 points, while Colby Academy won the state cup for the New Hampshire school scoring the most points with 17. The other schools that scored were: Concord, N. H. High 13, Tilton Seminary 8, Richards High 6, Newmarket High 4, Arlington High 3, Manchester High 1.

Marling of the Huntington school was easily the star of the meet getting first place in the 100 and 220 yard dashes and second in the hammer throw.

FAST TIME IN ALL EVENTS.

The heavy rain of the night before placed the track in an excellent condition and although but one record was broken several were equalled, and fast time was made in all track events.

The meet, which is the fourth of its kind held at this college proved to be the most successful of all. The events were run off in a snappy way by the splendid corps of officials.

HUNTINGTON WINS ALUMNI CUP.

The state cup given by Roseeran W. Pillsbury, becomes the property of the New Hampshire school that wins it three times. Last year Manchester High won a leg on the cup. The meet cup donated by the alumni of the college is won in the same manner as the state cup, except that it is open to all schools. Boston English High has one leg on this while Huntington school wins one by its victory this year.

RELAY SPECIAL FEATURE.

An added feature this year was a mile relay race between Huntington, Boston English High and Tilton Seminary for a special cup. Boston English really won the race but was disqualified for touching a man across the starting line. Huntington school which was second was given the cup.

Besides the cups individual medals of gold, silver and bronze were given to the winner of the first three places in each event.

HOME SCHOOLS OUT CLASSSED.

The Massachusetts schools succeeded in capturing 56 out of the total 108 points in the meet. Colby Academy came away with more points than any other New Hampshire school but its score of 17 did not compare with the 29 captured by Huntington school or the 27 which Boston English High won.

New Hampshire boys only won five first places while the two Bay State schools came away with the other seven gold medals. Murray of Concord got first in the 220 yard hurdles. Pelleties of Colby Academy won the hammer throw and other Colby boys won the shot put and two mile run. Chellis of Richards High Newport easily won the pole vault at 9 feet 1 1-2 inches.

ONE RECORD BROKEN.

The record for shot-put was broken by Shelbourn of Colby, distance 47 feet, 6-inches.

Marling, of Huntington School, who was the star performer of the meet, equalled the time of 23 1-3 seconds, for the 220 yard dash made by Irving T. Horne, of Boston English High, two years ago. The time for this distance has never been improved upon on this track.

The distance men made fair time, but it was not to be compared with that of the last three meets.

The hammer throw, high jump and pole vault, were not up to standard.

RABBI WISE SECURED FOR COMMENCEMENT ADDRESS

Will Discuss the "Service of the College
Man to the Republic"—Is a Man of
Eminent Attainments.

President Fairchild has just received a letter of acceptance from Rabbi Stephen S. Wise of New York, who was invited to make the commencement address here this year. Rabbi Wise will discuss "The Service of the College Man to the Republic."

The speaker, whose activities in religious and social service have earned for him an international reputation, was born in Budapest in 1872, and coming to America took his bachelor degree at Columbia in 1892, and his doctor's degree from the same institution in 1901.

In 1893 he became rabbi of the Madison Avenue Synagogue, but from 1900 to 1906 lived in Portland, Oregon, where he went to become a rabbi of a synagogue there. He returned to New York in 1907 where he founded and became rabbi of the Free Synagogue.

HOLDS MANY OFFICES.

In Oregon he organized the State Conference of Charities and Corrections, and was commissioner of child labor in that state. He is the founder of the Federation of American Zionists, and is director or other official in a score of philanthropic organizations. He is a member of the editorial board of the Woman's Journal and is an editorial contributor to The Survey.

The presence of Rabbi Wise will lend especial distinction to the graduation of the largest class in the history of the college, and an unusually large number of visitors is expected.

1916 GRANITE WILL NOT ARRIVE FOR TWO WEEKS.

The 1916 Granite which was due to arrive here last Friday, May 7th, has been delayed at the printers, and will probably not arrive for two weeks.

W. P. DAVIS SPEAKS TO AGGIE CLUB ON COW TEST ASSOCIATION.

At a meeting of the agricultural club last Monday, W. J. Nelson '16 gave a report of the annual meeting of the New England Federation of Agricultural students held at Amherst, Mass., and W. P. Davis of the extension service spoke on the cow test association work.

MISS H. M. STANLEY AT MEETING OF LIBRARY ASSOCIATION.

Miss Harriett H. Stanley, librarian, attended a meeting of the New Hampshire Library Association which was held in Manchester at the Carpenter Memorial Library, May 13.

GIVE NEW VENTURE IN INFORMALS ANOTHER TEST.

The informal Informal was given a second trial last Saturday evening at the gymnasium. No dance orders were used, but the singing of popular songs was omitted. The attendance of college people was decidedly small, but a large number of out of town guests were present. The matrons were Mrs. Fairchild, Mrs. Scott, and Mrs. Sanders. The college orchestra furnished music.

TWO MORE ALUMNI BUY PLANKS FOR BLEACHERS.

Two more alumni have recently bought planks for the new bleachers. They are T. A. Throp, '10 and L. A. Tarbell ex '14, the latter buying four.

MERCHANTS NOT TO ADVERTISE BUT BUY TICKETS FREELY.

The Merchants' Association of Dover has among the rules which it follows, one against advertising in programs for plays and the like. When asked to advertise in the programs for "Mice and Men" they held a meeting to decide whether to suspend the rule in the case, but decided in the negative. They are, however, buying tickets freely.

WORK NOW BEGUN ON MEN'S DORMITORY

CONTRACT AWARDED TO FIRM WHICH
BUILT DEMERITT HALL

SUITES TO ACCOMODATE 105

Building Itself to Cost \$47,943—Red Brick
Colonial Design—Four Stories High
With Basement.

Work has already begun on the new dormitory for men, provided for by the legislature recently, and it is hoped that it will be ready for occupancy when college opens in September.

Bids for the contract of constructing it were received from nineteen firms. F. W. Cunningham and Sons, the ones who built De Meritt Hall presented the lowest figures and the work has been let to them. \$47,943 is what the building itself will cost but with furnishings, lighting and heating fixtures, and architects' fees being taken into account, it will necessitate an outlay of nearly \$60,000.

COLONIAL DESIGN.

The dormitory is to be of red brick, simple colonial in design, with a long central section, and two transverse short wings. Counting the basement as one, it will be four stories high. The corner rooms of the basement on the side facing the street will be used as lounging rooms, or as the plans read "fraternity rooms." The rooms for the students are arranged mostly in suites. All told, accommodations will be afforded for 105 men. Heretofore the men students have been lodged at fraternity houses or in rooms in the village, and their quarters, with the growth of the college, have become utterly inadequate.

There will be a central entrance on the street side of the building and also one at either end. The latter will open into the basement while the one in front will lead to the second floor in the same manner as the front entrance to De Meritt Hall.

FOUNDATION.

There will be a concrete foundation for the building and the sills of the first floor windows will rest directly on the concrete. The fourth floor will have dormer windows and will, in contractor's parlance be "finished in the roof." The roof itself will be of slate.

Each floor will be provided with toilets and shower baths. There will be no special means of forced ventilation but transoms over all the doors entering the suites are expected to serve the purpose.

FIREPROOF STAIRWAYS.

The stairways of the building will be of exposed construction and will have interior slingers of channel iron. The openings to the stairways will be through fire-proof, metal-covered doors.

The panels, sills, and keys of the windows will be made of special concrete with chips instead of sand in the mixture. When this material is tooled it resembles granite in appearance.

The specifications call for the best workmanship and the best materials, so a most substantial building is assured. The site of the dormitory is almost directly opposite the Gamma Theta house on the Main street. It will set back 50 feet from the roadway.

BATTING AVERAGE OF MEN ON VARSITY BASEBALL SQUAD.

The batting averages of the men on the baseball squad have been computed up to May 1 and are given below:

WOMAN'S LEAGUE PRESENTS "MICE AND MEN" WEDNESDAY

Final Cast of Characters—Special Train to
Durham, Newmarket and Exeter
After the Performance.

On Wednesday evening, May 19, a romantic comedy, "Mice and Men," will be presented at the Dover Opera House under the auspices of the Woman's League of New Hampshire College. The proceeds of the play will be devoted to the benefit of the girl's rest room and every one should endeavor to make it a financial success. There will be a special train to Durham, Newmarket and Exeter after the performance. Reserved seats may be obtained at the College book store, Thompson Hall, and at the Box Office, Dover, May 16.

Following is the cast of characters as it now stands:

Mark Embury, (a scholar, scientist and philosopher) Armand Murdock
Roger Goodlake (his friend and neighbor) Roy Graham
Captain George Lovell (his nephew) Arthur Morgan
Sir Harry Trimblestone, Arnold Grant
Kit Barniger (a fiddler and a professor of deportment) Edgar Ross
Peter (Embury's servant)
Joanna Goodlake, (wife of Goodlake) Mrs. Shirley Onderdonk
Mrs. Deborah (Embury's housekeeper) Verna Hardy
Peggy (Little Britain) Elenora Currier
Matron of the Foundling Hospital Beatrice Fall
Beadle of the Foundling Hospital Sherburne Fogg
Molly (a kitchen maid) Rachel Colby

SEVERAL SCHOOL ATHLETES MAY ENTER NEW HAMPSHIRE.

The men who represented Pinkerton Academy in the meet are planning to enter New Hampshire State College next fall. They are good athletes and ought to do well in that line after entering college.

The prospects are good for some students from Manchester High. Those who represented the preparatory school think well of the college and have hopes of coming next year.

Many of the athletes that came from Colby Academy have made definite plans as regarding where they will go to college. A large percentage will probably enter Dartmouth. Those who are undecided may enter New Hampshire.

Other teams from the smaller preparatory schools are thinking seriously of entering the state college. Newburyport High School which sent students both for the track meet and prize speaking contest will undoubtedly have a large proportion of the graduating class enter this college.

WHERE VISITORS STAYED.

While here the students were entertained and given accommodations by the various fraternities. There were about one hundred young men representing New England high schools that had to be cared for. Each fraternity house accommodated on an average of about twenty men. Many of those who participated in the prize speaking contest Friday evening also remained. Many of the contestants came to Durham by automobile and were only obliged to get their meals while in town.

Most of the young men returned on the late trains Saturday, the remainder went home some time Sunday.

SOPHOMORE CLASS ELECTS "GRANITE" BOARD FOR NEXT YEAR.

At a meeting of the Sophomore class, May 7, the following men were elected for the 1917 "Granite" Board: editor-in-chief, Elmer F. Cutts; business manager, Roy C. Cram; assistant business manager, Rohl C. Wiggin; art editor, Clark L. Stevens; photographer, Willis H. Hoyt.

Thursday, May 6, the classes in market milk heard a talk by Charles F. Whiting of D. Whiting & Sons, Boston, on "Problems Relating to Milk Production and Distribution."

N. H. SPLIT EVEN ON RECENT TRIP

LOSES TO ANDOVER AND MIDDLE.
BURY 6-1 AND 5-3.

TRIMS W. P. I. AND NORWICH

Scores 7-0 and 6-5 Respectfully—Humiston Pitches a Good Game—Summary
of the Scores.

New Hampshire defeated Worcester Polytechnic Institute Saturday, May 8, by a score of 6 to 5. All of New Hampshire's runs came in the first innings. Broderick, the first man up, went around the bases on an error by Gleason. Fernald reached first on an error, stole second. Welsh landed on first on a fielder's choice and Brackett, Cram, and Hazen then followed with hits, sending in three runs. Meserve reached first on an error. Blatchford made a hit, scoring Cram and Hazen, but later made the second out trying to steal second. Broderick came up for the second time and struck out, but not before New Hampshire had scored enough runs to win the game.

The score:

New Hampshire	ab	r	bh	po	a	e
Broderick, ss	5	1	0	3	1	2
Fernald, cf	4	1	1	3	9	0
Welsh, c	4	1	0	7	1	0
Brackett, 3b	4	1	1	2	3	1
Bissell, p	4	0	1	0	2	1
Cram, 1b	4	1	1	8	1	0
Hazen, 2b	4	1	1	1	2	1
Meserve, lf	4	0	2	1	0	0
Blatchford, rf	3	0	9	2	0	1
Totals	36	6	8	27	10	6
Worcester	ab	r	bh	po	a	e
Sheehan, 2b	3	0	1	1	3	0
Greene, 3b	5	0	0	0	2	2
Wheeler, 1b	5	1	2	9	0	0

Luce, p	4	2	0	0	1	0

First base on balls, off, Bissell, 5. Struck out by Bissell, 6; by Luce, 8. Double plays, Cram to Broderick; Sheehan to Wheeler. Stolen bases, Fernald, Brackett. Sacrifice hit, Blachford. Umpire, Morse. Time 1h 55m.

ANDOVER GAME.

New Hampshire was defeated in a featureless game by Andover, Wednesday, May 5, by the score 6 to 1. Brackett got two of the four hits. His two-bagger in the eighth was responsible for New Hampshire's only run. Cram fielded his position in his usual steady manner.

The score:

New Hampshire	ab	r	bh	po	a	e
Broderick, ss	4	0	0	1	1	0
Fernald, cf	3	0	0	2	0	0
Welsh, c	4	1	1	8	1	1

Entered as second-class matter October 30, 1914, at the post-office at Durham, New Hampshire under the of March 3, 1879.

DURHAM, N. H., MAY 14 1915

NOTICE.

It is very imperative that every member of the senior class and every member of the second year two-year men notify the manager before September 1st, in regard to position and address.

The management will send the first three issues to every student in college and to every alumnus of the institution as well as to all "Ex." men whose addresses are known.

To do this, it will be necessary to have the list of addresses complete. We trust that the above notice will be carefully considered and honored.

EDITORIALS.

Evidently the water bubbler at the gymnasium is an obsolete and unnecessary fixture.

The fallacy of the idea that New Hampshire schools can not compete with the larger Massachusetts schools in the annual interscholastic track meet was proven by the fact that Colby Academy, with only four men qualified for the finals, and took third place this year.

TAKE ROOM ENOUGH.

Part of the attractiveness and grandeur of public buildings is obtained by setting them, in a way, apart from common traffic. Landscape gardeners working on large projects enhance these effects by various devices calculated to increase the apparent distance from the highway to the main buildings. A too close view spoils the appearance of a building by bringing out flaws of construction and by inducing a too material visualization.

Let us hope that the beauty of the ensemble of the future New Hampshire College campus will not be spoiled by placing the new dormitory too near the street.

A. Z. RECORDS.

At this time of the year there is always considerable discussion of field and track records. Some of our track records are not well known; in fact some of them seem to be entirely unknown. This is a state of affairs which should not exist, for, when someone asks us, we should be able to tell him or her anything of the sort about our college.

Concerning this state of affairs a short comment was printed in these columns a few weeks ago. The comment was upon the matter of fixing up the record shields in the gymnasium particularly. It seems too bad that something could not have been done before the opening of the present track season. Now we have had one meet and there is another coming soon.

Get busy and hang up the shields with the corrected list of records on them.

A SUBJECT FOR DEBATE.

In the Boston Sunday Globe of May 9th there were published three articles discussing the dangers of the present scheme of the standardization of education. The articles are considerably better than the usual Sunday paper articles and would make good material for our prospective debating society to take up.

A BAND STAND—WHY NOT?

Work has been started on the bleachers. Good.

Now why not build a band stand on the knoll beyond the library? The building of such a stand would be good practise for our practical manual-training men. Besides this, band concerts appear to be enjoyed pretty well here in Durham. It would seem then to be a fine idea to have a few real concerts every Spring.

CHAPEL COURTESY.

There have been numerous occasions when the presiding member in chapel has been forced to ask for silence in order to continue the meeting. This year has been especially prolific of such occasions. There have been more noticeable occasions recently when there has been sufficient provocation to justify a request for silence, were it not for the fact that such requests made at those times would have looked bad in the eyes of visitors to the college.

These are facts. It seems then, that there are people in college who are willing to jeopardize the reputation of the college by their conduct in the college assembly hall.

Now then, there are two occasions, and two occasions only, when the necessity of a request for silence may be excused. One of these is at an assembly of uneducated or ill-bred men and women; and the other is at a gathering of children. At these two kinds of meetings whispering, talking, laughing, scuffling of feet and running in and out may perhaps be tolerated, but never at a meeting of college men and women, whatever the occasion may be.

If people will not or can not give a visitor, who is giving his or her best in an endeavor which may be more or less difficult, their respectful attention and appreciation, they had best stay away altogether.

SUCCESS.

If circumstances have seemed to be against you, if it seems as though the world has tried to give you a cold shoulder, if you have a dark brown taste of disgust in your mouth about things in general and everything has gone dead wrong just sit down and think.

You know that you were born to be successful, that you have a right to be successful, that you have that within you to make yourself successful if you will but develop it.

Rome was not built in a day! The greatest of inventions, the most beautiful of paintings, the finest of literature, were only brought about by continuous effort. Keeping everlastingly at a thing is what counts!

Success is not reached by an electric elevator, for she is encamped on a high hill. There is no broad road to her headquarters, only steep crags surround her. Many a man has tried to scale those cliffs, but because the path is not as easy as he had imagined, or because the weather is not quite right or because he does not feel just in trim, he decides to wait awhile.

Just at this time Dame Procrastination waltzes down the board walk. She is a most charming maiden. He woos her, the path to the top seems more and more difficult and finally he settles down at the base instead of the summit.

Do you get me?

If you made mistakes yesterday, if you felt blue last night, if you felt that things were not going as they should, just remember that every day is a new day. You are stronger today than yesterday, because of the wrestles with the mistakes of yesterday.

Every day, the problems that were so complex a few weeks ago, now seem only simple things. Every day you are getting in better training. Every day success offers you a new opportunity.

What are you going to do about it?

Black Box Mystery every Wednesday and Thursday at the Lyric.

Concluded from Page 1.

all three being won with slight effort. The broad jump and shot put were better.

In the hurdles, Murray of Concord won almost too easily, as he was only within four fifths of a second of the record time, which he made a year ago in the same meet.

RELAY RACE DISPUTE.

The disqualification of the Boston English High relay team because of the failure of its last man to wait to be tagged before crossing the starting line caused a heated argument between its coach John F. O'Flaherty and Referee H. B. Clarke of the B. A. A. Boston English High finished first but on account of the foul the race was awarded to the Huntington school which otherwise would have had to be content with second place.

Just prior to the race Referee Clarke made it distinctly understood to the captains of all the teams in the race that the men waiting to be tagged could meet their men 25 feet in front of the starting line and that the tagging should be done before that line was crossed. Brigham, Boston English High's last man broke the ruling by crossing the line before his man touched him. He was tagged but not till he had already got beyond the mark.

SAYS RULING ILLEGAL.

O'Flaherty argued that the ruling was illegal because the rule book stated in big black type that the space allowed for tagging should be 25 feet the other side of the line. According to the letter of the rules O'Flaherty said his team was unjustly disqualified and sought a reversal of the decision from the referee.

The first settlement was upheld, however, on the basis that whether or not the tagging space should be in front of the line all the team captains had agreed before the race as to where this space should be for this meet.

WELL BALANCED TEAM WON.

Coach W. P. Sexton of the winning Huntington School team said after the meet that his men won because they were placed in the right events. "My team had its star but cannot be called a one man team because second and third places clinched the meet.

"Marling, the boy who won two first places in the dashes and got second prize in the hammer-throw is an all round athlete. Besides being a first class track man he is well known in Boston as an expert swimmer.

I am satisfied that we won the meet, of course, but realize that if our entire team had been with us there would have been little else to the meet but Huntington. Two of my best track men did not accompany us because they were needed by the baseball team in its game with the Harvard freshmen this afternoon".

THE SUMMARY.

100 yd. dash—Won by Marling, Huntington School; 2nd, Monagle, Boston English High; 3rd, Shelburn, Colby Academy. Time 10 2-5 sec.

1 mile run—Won by Jones, Huntington; 2nd, True, Colby; 3rd, Vose, Concord High. Time 4 min. 53 3-5 sec.

440 yd. run—Won by Bigham, Boston English; 2nd, Morrill, B.E.H.; 3rd, Buffum, Huntington. Time 54 sec.

220 yd. hurdles—Won by Murray, Concord High; 2nd, Rich, Huntington; 3rd, Lawrence, Huntington. Time 29 sec.

880 yd. run—Won by Niles, B.E.H.; 2nd, Fallur, B.E.H.; 3rd, Verder, Huntington. Time 2 min. 9 sec.

2 mile run—Won by True, Colby; 2nd, Clark, Concord High; 3rd, Vose, Concord High. Time 11 min. 4 2-5 sec.

220 yd. dash—Won by Marling, Huntington; 2nd, Shelburne, Colby; 3rd Downey, B. E. H. Time 23 1-5 sec.

High Jump—Won by Beny, Huntington; 2nd, Knowlton, Newmarket High; 3rd, LaPlante, B. E. H. Height 5 feet 2 1-4 inches.

12 lb. Hammer Throw—Won by Phelterplace, Tilton Seminary; 2nd, Marling, Huntington; 3rd, Farrell, Manchester High. Distance 113.4 feet.

12 lb. Shot Put—Won by Shelburne, Colby; 2nd, Phelterplace, Tilton Seminary; 3rd, Hutchinson, Richards High. Distance 47.6 feet.

Pole Vault—Won by Chellis, Richards High; 2nd, Bond, Concord High; 3rd, Whelton, B. E. H. Height 9 feet 1 1-2 inches.

Running Broad Jump—Won by Niles, B. E. H.; 2nd, Kirlin, Arlington High; 3rd, Knowlton, Newmarket High. Distance 20 feet, 5-8 inches.

Relay—Won by Huntington High; 2nd, Tilton Seminary. Time of disqualified Boston English Team 3.39 2-5 sec..

RADNOR

THE NEW
ARROW
COLLAR

Which will you buy

a "cream thief" or a "savings bank" Cream separator.

WITH A GREAT MANY machines or implements used on the farm it doesn't make much difference which of several makes you buy.

ONE MAY GIVE YOU A little better or longer service than another, but it's mostly a matter of individual preference and often it makes little difference which one you choose.

NOT SO WITH BUYING a cream separator, however.

THE MOST WASTEFUL machine on the farm is a cheap, inferior or half-worn cream separator.

THE MOST PROFITABLE machine on the farm is a De Laval Cream Separator.

A CREAM SEPARATOR is used twice a day, 730 times a year, and if it wastes a little cream every time you use it it's a "cream thief," and an expensive machine even if you got it as a gift.

BUT IF IT SKIMS CLEAN TO the one or two hundredths of one per cent, as thousands and thousands of tests with a Babcock Tester show the De Laval does, then it's a cream saver, and the most profitable machine or implement on the farm—a real "savings bank" for its fortunate owner.

A De Laval catalogue to be had for the asking tells more fully why the De Laval is a "savings bank" cream separator, or the local De Laval agent will be glad to explain the many points of De Laval superiority. If you don't know the nearest local agent, simply write the nearest De Laval main office as below.

The De Laval Separator Company,
165 BROADWAY, NEW YORK 29 E. MADISON ST., CHICAGO
50,000 Branches and Local Agencies the World Over.

AS TO HOW MUCH CLEANER the De Laval skims than any other separator, the best evidence of this is the well known fact that all other makes were discarded by the creamerymen years ago, and that today 98% of the cream separators used in creameries the world over are exclusively De Laval.

THEN THE DE LAVAL IS SO much better designed and so much more substantially built and runs at so much lower speed than other separators that its average life is from 15 to 20 years, as compared with an average life of from 2 to 5 years for other machines.

THERE ARE OTHER ADVANTAGES as well, such as easier turning, easier washing, less cost for repairs, and the better quality of De Laval cream, which, when considered in connection with its cleaner skimming and greater durability, make the De Laval the best as well as the most economical cream separator.

REMEMBER THAT IF YOU want a De Laval right now there is no reason why you should let its first cost stand in the way, because it may be purchased on such liberal terms that it will actually pay for itself out of its own savings.

NEWSY ITEMS OF THE ALUMNI.

JOHN L. RANDALL, '05 ACTIVE IN SOCIAL WORK

C. O. Brown, '11 Mining Superintendent in Arizona—News from C. D. Kennedy, '09 From Sumatra.

John L. Randall, '05, formerly in charge of playground work for the city of Pittsburgh and now an expert in the same line of work for the Federal Government, recently spent a week in Pittsburgh. He is visiting all the large cities to find out what is being done and to assist in the furthering of playground work. While in Pittsburgh he made several public addresses and was interviewed by the newspapers.

C. O. Brown, '11 is in a mining camp at Superior, Arizona. Mr. Brown was sent to the Southwest by the Mellow Institute to superintend the construction of a complete experimental mill for dressing a low grade of copper ore. He will then conduct some experiments developed in the Institute at Pittsburgh. His workmen are Mexicans and Apache Indians and so the building is not rushed as he is unable so far to master their languages.

C. D. Kennedy '09 writes from Sumatra, Dutch East Indies, that he is playing ball occasionally against the Japanese teams and that he is very much interested in the antics of the trained monkeys so peculiar to those islands. He says that the uprising of the Indian troops at Singapore had horrible consequences but that he is unable to write an account of it in detail because of the censor.

Dr. John D. Clark, '06, recently visited Pittsburgh, Pa., and called on some of the New Hampshire men in the city. Dr. Clark has been connected with the Chemical Department of the University of New Mexico and is now the head of that department. He will visit in New Hampshire for several weeks and then return to the West to attend the exposition.

E. H. Hancock, '98, recently visited Mr. H. E. Barnard, '99, at Indianapolis, Ind. Mr. Barnard is the Food and Drug Commissioner, State Commissioner of Weights and Measures, and Chief of Division of Chemistry of the Indiana State Board of Health. Mr. Barnard reports that Mr. Hancock gave him more news in regard to N. H. C. doings than he has got since he visited Dean Pettee last summer.

C. W. Kemp, '11, has been re-elected for another year as principal of Colebrook Academy at an increased salary. P. T. Sellers, '14, and R. Garland, '14, have also been re-elected.

GUY LESLIE HAM, '14 DIES SUDDENLY AT HIS HOME IN DOVER.

The many friends of Guy Leslie Ham, 1914, will be grieved to learn of his death which occurred Monday, May 10 at his home in Dover. He was taken suddenly ill at the works of the Holyoke Paper company last Thursday and was immediately rushed to his home. He rapidly grew worse and Sunday his life was despaired of but he lingered until Monday morning.

Mr. Ham's personality won him a host of friends in college and his athletic ability kept him in prominence continually.

He was a member of the Kappa Sigma fraternity, Casque and Casket, and Alpha Chi Sigma. At commencement last June he read the class will. He was varsity cheer leader in 1913-14, made his class baseball and track teams and was on the varsity track team four years. The college record he set in the pole vault still stands unbeaten.

DEATH COMES TO MRS. GLOVER, MOTHER OF MRS. CARDULLO.

The many friends of Mrs. Cardullo will be pained to learn of the death of her mother, Mrs. Glover, who passed away on the fifth of this month, after an illness of fifteen weeks. Those who knew Mrs. Glover will realize that her death was a hard blow to our former neighbors.

Spring and Summer Clothing

The most important factor in the matter of dress is the FEELING that your clothes are up to date, that they are properly tailored. Style is also a most important element in a spring suit—the Spring Suit is more closely observed than that of any other season.

Adler-Rochester

Suits always look well—they always hold their shape. They combine style, beautiful tailoring, perfect fitting and long wear—that's why they excell. And they are distinct and individual. Today is the day to make your selection—the assortment is now complete.

NEWBURYPORT HIGH SCHOOL SENDS THREE WINNERS

Other Place Goes to Arlington High—List of Candidates in Final Contest and Their Subjects.

The Interscholastic Prize Speaking Contest took place last Friday evening in Thompson Hall. Twelve contestants were chosen from over thirty who tried out. The judges, Mrs. Ralph D. Paine, Professor Clyde Swan and Mr. Alfred T. Richards were unanimous in giving the first places to Miss Anna Hooker of Arlington High School, and Mr. Samuel Stratton of Newburyport High School. The second prizes were awarded to Miss Carolyn Glen and Mr. Anthony Towle, both of Newburyport High School. Following is the list of contestants and the subject chosen by each:

Doris Lenora Nye, "The Ruggleses", Sanborn Seminary; Samuel Stratton, "Belshazzar's Feast", Newburyport High School; Rena Sanborn, "Hannah Jane", Pittsfield High School; Eward S. Dodge, "Soul of the Violin", Dummer Academy; Carolyn Glen, "Joint Owners in Spain", Newburyport High School; Anthony Towle, "How Tom Sawyer Got His Fence Whitewashed", Newburyport High School; Edward D. Sullivan, "Gunga Din", Dover High School; Walter Tremont Cheney, "The Burgomaster's Death Dream", Pembroke Academy; Anna Hooker "Toussaint L'Ouverture", Arlington High School; Ruth Madeline Baines, "The Home Coming", Brewster Free Academy; Roy Chase, "Penrod", Newburyport High School; Mary Cashman, "In a Street Car", Newburyport High School.

ALPHA ALPHA ALPHA SORORITY ENTERTAINS MRS. A. E. RICHARDS.

Thursday afternoon of last week, Alpha Alpha Alpha sorority entertained Mrs. Alfred E. Richards at a tea given in her honor at Ballard Hall, from 4 to 6 P. M. Mrs. Fairchild and Mrs. DeMeritt assisted the young ladies in receiving.

HISTORY AND ACTIVITIES OF THE WOMAN'S LEAGUE

Composed of Women Students, Alumnae and Women of the Faculty — Purpose to Work for College.

The Woman's League was organized in the Spring of 1913 for the purpose of promoting better fellowship among the women of the college.

The League is open to all women students, resident alumnae, wives of resident alumni, women of the faculty and the station staff, the registrar and the matrons. The meetings are held on the second Wednesday of every month and from the first have had a large attendance. These social gatherings are a source of real enjoyment to all the members and admirably fulfill their purpose of bringing the women into closer relationship. Their sole purpose is to work for the college. The proceeds of the League play, "Rebecca's Triumph," which was given last year, were devoted to the girl's rest room and the proceeds of "Mice and Men" will be used for the same purpose. When the rest room is furnished the League will work for other college interests. In its earnest effort to advance the interests of the college the Woman's League certainly deserves the good wishes and backing of every person interested in the welfare of New Hampshire College.

HOME ECONOMICS CLASS STUDY CALORIC VALUE OF FOODS.

Last Friday noon, the class in Home Economics gave a luncheon under the direction of Dean Thompson and Miss Reiner. The purpose of the luncheon was the study of the caloric values of certain foods. The menu was as follows:

Lobster Timbales Boiled Rice
Asparagus on Toast
Vanilla Ice Cream Sponge Cake

High class motion pictures and vaudeville at Lyric.

COMPANY C WINS ANNUAL INTER-COMPANY MEET

H. G. Hewey, '18 Gets Gold Medal—P. Ward '16, Silver Medal—A. B. Whittemore '17, Bronze Medal.

Wednesday, May 5, the annual inter-company track meet was held and Company C came off the winner with Company A second. The other companies placed in the order D, E, B. The winner of the gold medal was H. G. Hewey, with 11 points to his credit. Paul Ward, '16 and A. B. Whittemore, '17 were tied for second place with 10 points each, and on the toss-up, for the silver medal the former won. One of the results of the meet was to bring to the front several dark horses, who, if they would only come out and train, would make valuable additions to the track team.

INDIVIDUAL SCORES.

The individual score was as follows:
100 yd. dash—Won by Ward, 2nd, Ross, 3rd, Dudley.
880 yd. run—Won by Hadley, 2nd, Wentworth, 3rd, White.
High Jump—Won by Rollins, 2nd, Pettee, 3rd, Stevens.
440 yd. run—Won by Ward, 2nd, Wentworth, 3rd, Davis.
120 yd. Hurdles—Won by Groves, 2nd, Hewey, 3rd, F. P. Bennett.
Shot Put—Won by Wadleigh, 2nd, K. Russell, 3rd, E. V. Bennett.
220 yd. dash—Won by Dudley, 2nd, Ross, 3rd, Degnan.
Pole Vault—Won by Hurd, 2nd, Brill, 3rd, Sanders.
Mile Run—Won by Whittemore, 2nd Knox, 3rd Wiggins.
Broad Jump—Won by Degnan, 2nd Hewey, 3rd Chase.
220 yr. Hurdles—Won by Hewey, 2nd Groves, 3rd Ross.
Hammer Throw—Won by Huse, 2nd Bugbee, 3rd Wadleigh.
2 Mile Run—Won by Whittemore, 2nd Watson, 3rd Garland.

COMPANY SCORES.

The company scores were as follows:

DOVER PASTOR TO SPEAK.

The Rev. Leon Morse of the Methodist church of Dover will be the speaker here, May 20 at a meeting of the college, Y. W. C. A. The meeting will be at 5 o'clock in the afternoon at Smith Hall.

Everywhere Uniformly Satisfactory

In upper New York, in lower California, and in far away New Zealand

is acknowledged by those who use it as the one cleaner most suitable for dairy cleaning.

In lower California the temperature often reaches 120. to 130. F., in summer, and under these conditions you can easily appreciate the importance of un-failing sanitary cleanliness. Occasionally a buttermaker or a milk producer working under the most unfavorable circumstances, writes us and tells us that Wyandotte Dairyman's Cleaner and Cleanser has been a helpful factor to him in winning first prize in some dairy exhibit.

If you want this kind of dairy cleanliness that is uniformly satisfactory even where the conditions are most unfavorable, then ask your dealer for Wyandotte Dairyman's Cleaner and Cleanser or write your supply man. Sold in 5 lb. sacks, barrells, and kegs.
